*Response to Arguments*

**DETAILED ACTION**

*Response to Amendment*

Amendment filed 7/6/06 has been entered and considered by the Examiner. Currently, claims 1-25 are pending in the instant application.

*Allowable Subject Matter*

Claims 1-25 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the reference of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 1, and specifically comprising the limitation a nitride light emitting device having an adhesive reflecting layer comprising a metal reflecting layer having an upper surface and a lower surface; a first reaction layer formed over the upper surface of the metal reflecting layer; a transparent adhesive layer formed over the first reaction layer, a second reaction layer formed over the transparent adhesive layer; a nitride light emitting stack layer formed over the second reaction layer, in combination with the remaining limitations of the claim.

Claims 2-25 are allowable for the reasons given in claim 1 due to their dependency status from claim 1.
